SELECTED RESEARCH PROJECT

Graduate Capstone | Cornell University
Statistical Correlations Between Socioeconomic, Health, and Political Factors and COVID-19 Vaccine Trading Data Between Latin America, China, and the United States

- Conducted econometric analysis using cross-country datasets to examine the determinants of COVID-19 vaccine diplomacy.
- Built statistical models in **Stata and Excel** to evaluate relationships between bilateral trade, governance, health expenditure, GDP per capita, and vaccine donations.

Honors Thesis | University of Southern California
Unpacking China's Wolf Warrior Diplomacy: Motivations and Incentives

- Built an original dataset comparing United Nations General Assembly voting records with Chinese diplomatic messaging from 2008–2021.
- Conducted quantitative analysis of UN voting alignment alongside qualitative content analysis of Chinese Foreign Ministry statements and official social media communications to examine changes in China's diplomatic rhetoric.
- Evaluated the relationship between geopolitical alignment and variations in China's foreign policy communication, integrating statistical evidence with policy analysis.

PROFESSIONAL EXPERIENCE

Haideh Hirmand, MD, PC Manhattan, NY
Marketing & Strategy Associate October 2024 - Present

- Conduct market, organizational, and competitive research to identify prospective partners, audience interests, emerging opportunities, and strategic positioning for organizational initiatives.
- Compile and synthesize information from industry publications, digital platforms, organizational records, and public sources to support leadership decisions, outreach strategies, and partnership development.
- Coordinate cross-functional projects involving executive leadership, physicians, vendors, agencies, and external partners, managing timelines, communications, approvals, and deliverables.
- Analyze website, email, and audience data to evaluate performance and present actionable recommendations for organizational growth and engagement.

National Academy of Public Administration Washington, D.C.
Business Development & Philanthropy Intern October 2023 - May 2024

- Developed a \$50,000 proposal to the Henry Luce Foundation for a civic-engagement initiative, aligning the program design with funder priorities identified through leadership interviews, organizational materials, and philanthropic research.
- Synthesized executive interviews, foundation priorities, community-development methodologies, and program research into concise, audience-specific materials for senior leadership and prospective funders.
- Supported the development of concept notes, prospect materials, organizational summaries, and strategic communications for mission-driven public-administration initiatives.

International Monetary Fund (IMF)

Research Associate

Remote

March 2024- May 2024

- Collaborated with the Deputy Director to research FinTech solutions for climate finance and digital financial inclusion in emerging economies.
- Analyzed comparative policy case studies across Asia, Africa, and Latin America to evaluate digital financial infrastructure supporting green transitions.
- Synthesized findings into a strategic policy brief for senior IMF staff supporting internal policy discussions.

European Investment Bank

Research Associate

Remote

March 2024- May 2024

- Supported the South Africa JETP Working Group by researching strategies to strengthen transparency and accountability in the energy transition.
- Evaluated the use of FinTech tools for monitoring climate finance flows and stakeholder accountability.
- Produced a policy memo recommending approaches to improve governance and social equity in green-energy investments

Center for Technology Licensing at Cornell University (CTL)

Marketing & Storytelling Intern

Ithaca, NY

August 2023 - May 2024

- Supported product commercialization by creating compelling narratives for marketing and formal documentation processes.
 - Developed narratives in support of the commercialization of a new apple variety.
 - Authored CTL event reviews for publication on the organization's website and promoting the organization's events, and earned a first-time story publication highlighting the CTL's IGNITE event in the Cornell Chronicle.

Jiaxing Daying Knitwear Co., Ltd.

Business Development/Strategy Consultant

Jiaxing, China

May 2019 - May 2023

- Prepared market research and analysis to identify industry trends, competitive landscapes, and target market opportunities; identified increasing global ESG requirements that guided the company to prioritize ESG in all vendor relationships.
- Initiated the implementation of an ESG framework to improve the company's waste and water pollution control infrastructure; gained approval and ESG compliance certification from NBCUniversal's Social Compliance and Logistics team, enabling continued vendor status and leading to a 10% increase in company revenue.

Skechers U.S.A., Inc.

Digital Marketing Intern

Manhattan Beach, CA

January 2023 - May 2023

- Tracked and analyzed 20+ competitors' daily CRM data in promotions, sales, and email and social media campaigns; identified competitor's successful campaign practices and created tailored proposals for future marketing initiatives.
- Designed and built A/B testing to determine optimal e-mail tag lines to increase opening and conversion rates; yielded an approximate 5-10% increase in future campaign success rates.

L'Oréal (China) Co., Ltd.

Corporate Affairs & Engagement Intern

Shanghai, China

August 2021 - November 2021

- Led L'Oréal's exhibition at the China International Import Expo; partnered with the CEO and agencies to design plans, visions, and stage setup, managed onsite agency support activities, and oversaw 2,000+ customer interactions.
- Developed PR strategies for CSR initiatives to engage audiences on TikTok and WeChat through interactive social media posts; teamed with influencers for broader exposure, leading to a 20% increase in views.
