WORK EXPERIENCE

University Federal Credit Union (UFCU): Product Marketing Manager

Jul’25 - Present

Led **GTM strategy, positioning,** and integrated launch campaigns for consumer lending, home loans, auto lending, business banking, Insurance Financial Wellness products, supporting member acquisition, adoption, **retention,** and product education.

Developed ICP, segmentation, targeting, and messaging frameworks using customer insights, market research, competitive analysis, and A/B testing to improve campaign relevance, **lifecycle engagement,** and product adoption.

Planned personalized multi-channel - email, push, in-app, and SMS, marketing campaigns that drive initial interest through customer journey.

Designed lifecycle and **retention-focused** campaigns across lending and financial wellness products, improving member engagement through segmented messaging, cross-channel journeys, and customer education.

Spearheaded an SMB-focused **lead generation program,** partnering with Product, BI, Sales, and Marketing to identify growth opportunities, analyze customer needs, and translate insights into GTM recommendations.

Created differentiated value propositions, product messaging, one-pagers, campaign briefs, FAQs, and partner-facing materials to simplify complex financial products for consumer and SMB audiences.

Managed cross-functional launch execution with Product, Compliance, Legal, agencies, and channel owners, ensuring stakeholder alignment, review approvals, disclosures, timelines, and publishing QA.

Oversaw external agencies across PMax, Paid Media, SEO/SEM, OTT, and lifecycle channels, optimizing campaign execution, budget allocation, performance reporting, and program impact.

ALAMEDA TECHNOLOGIES (PANASONIC) : Marketing Manager

Nov’24- Jun’25

Defined and executed **go-to-market strategy** for Panasonic Avionics enterprise solutions, ensuring alignment between product roadmaps, sales priorities, and market demand.

Conducted **market research ,competitive analysis** to refine product positioning, define customer segments, and strengthen adoption.

Partnered with engineering, sales, and design teams to prioritize enterprise-level product features, enhancing customer experience.

Developed and launched **multi-format campaigns** (digital, events, partner marketing) to accelerate adoption within enterprise airline clients.

Applied **A/B testing, experimental design** frameworks to assess campaign effectiveness, leveraging data to optimize targeting and messaging.

CLOUD RESOURCES (META): Marketing Data Analyst

Mar’24-Oct’24

Create visualizations and presentations to communicate the finds to executive stakeholders using **SQL, Tableau and Power BI.**

Collaborate with sales, product marketing and growth teams to refine AI-driven analytics strategies; developing briefs for **senior stakeholders.**

Analyzing marketing performance metrics to track the effectiveness of marketing initiatives using **Salesforce.**

FINANCEPEER: Product Marketing Manager, (Fintech, Payments)

May'19-Dec’22

Spearheaded **go-to-market and lifecycle strategy** for India’s first numberless Mastercard, scaling adoption to 100,000+ cardholders.

Built and scaled lifecycle engagement programs for 100K+ cardholders, using customer research, incentives, email journeys, and community campaigns to increase adoption, retention, and payment activity.

Conducted **quantitative and qualitative research** across 10,000 users to refine payment flows, create customer personas, and influence enterprise partnerships.

Launched, scaled a student ambassador program to build trust, brand reach, community engagement, generating 20K+ organic views at 0 cost.

Led email, digital, and lifecycle marketing, optimizing campaigns with A/B testing and achieving a 25% lift in lead conversion.

Directed global rebranding and integrated campaigns across **print, TV, social, and OOH,** resulting in a 37% increase in **payments growth.**

Negotiated with vendors and **managed 7 external agencies** across digital, PR, and influencer partnerships, driving efficiency, optimizing spend.

Owned **content strategy** (SEO, whitepapers, thought leadership) that positioned Financepeer within the fintech ecosystem and boosted engagement by 37%.

The Bombay Digital Company (Agency): Marketing Manager- B2C.

May’18- Apr’19

Managed developing new product and rebranded product in the market. Created concepts for on field marketing and procedures.

Analyzing market trends & chalking out measures for countering competition; organizing promotions, **ATL, TTL, and BTL campaigns** for **SMB.**

Monitored industry **competitive JMA partner campaigns,** providing recommendations to improve content, CRM strategy for right audience.

Prepared comprehensive post-campaign analysis reports, highlighting key performance metrics and providing actionable insights for future campaign strategies, resulting in **a 25% improvement** in campaign effectiveness.
