
ALI AKRAM

Minneapolis, MN 55435 ♦ +1 (320)282-2788 ♦ aliakramm2023@gmail.com

PROFESSIONAL SUMMARY

Data Scientist with expertise in data analytics, machine learning, and AI integration, supported by a Master's in Data Science from the University of St. Thomas. Skilled in developing predictive models, crafting interactive dashboards, and automating reporting processes to drive decision-making. Proficient in Python, Tableau, SQL, and Power BI, with a strong foundation in Agile methodologies and cloud platforms like GCP and Azure.

SKILLS

- **Data Visualization Tools:** Tableau, Power BI, Plotly
- **Programming Languages:** Python, Java, SQL
- **Machine Learning Frameworks:** TensorFlow, Keras, PyTorch
- **Cloud Platforms:** Google Cloud Platform, Microsoft Azure, Google BigQuery
- **Version Control:** GitHub
- **Applications for Reporting:** Comet, Excel, Workday
- **Data Analysis Platforms:** Google Analytics, Perceptyx, Cognos, SAS Enterprise Miner
- **Database Systems:** Oracle SQL, MySQL, MongoDB, PeopleSoft, Snowflake
- **Libraries:** Pandas, NumPy, Matplotlib, Scikit-learn, Seaborn
- **Project Management:** Jira, Slack, Agile/Scrum methodologies
- **Visualization & Analysis Platforms:** Jupyter Notebook, Google Colab
- **Methodologies:** A/B Testing, Hypothesis Testing

WORK HISTORY

Data Scientist Associate, 02/2025 - Current

CLA – Minneapolis, MN

- Developed new features to enhance decision-making processes for cross-functional teams.
- Analyzed complex datasets using Python and R to identify trends and insights.
- Collaborated with stakeholders to define project requirements and deliver actionable solutions.
- Automated data collection processes, increasing efficiency in reporting and analysis tasks.

Workforce Data Analyst, 10/2023 - 12/2024

City Of Minneapolis – Minneapolis, MN

- Delivered Tableau visualizations and Cognos reports monthly, providing actionable insights for 20+ Minneapolis departments and city-wide initiatives.
- Created and maintained a Tableau dashboard centralizing city metrics, enabling a 30% reduction in decision-making delays across departments.
- Optimized reporting workflows by leveraging SQL for data extraction and integration across Perceptyx, Cognos, PeopleSoft, and Comet, cutting report generation time by 25%.
- Provided demographic insights and aggregated reports to fulfill ad hoc data requests from all departments.
- Served as member of the advisory council team and collaborated directly with the mayor and city leadership in regular meetings

Digital Testing Specialist, 02/2021 - 09/2023

Star Tribune – Minneapolis, MN

- Designed, created, and executed comprehensive **manual and automated test cases** across multiple platforms and scrum teams to ensure software is production-ready.
- Partnered with engineering, product, and QA teams to **analyze requirements, develop testing strategies**, and deliver high-quality digital solutions that improved business performance.
- Collaborated with product owners to **define test scenarios** and align testing processes with business goals and user stories.
- Utilized tools like **TestNG, Maven, and Selenium** to build robust test frameworks and streamline web application testing workflows.

EDUCATION

Master of Science: Data Science, 12/2023

University of St. Thomas - St Thomas, MN

- **GPA: 3.7 | Ranked:** Top 5 Data Science Programs (Forbes Magazine)
- **Relevant Coursework:** Machine Learning, Data Mining, Big Data Analytics, Statistical Methods, Predictive Modeling, Data Visualization, Database Management, Natural Language Processing

Bachelor of Science: Information Systems, 05/2020

St. Cloud State University - St Cloud, MN

- **Scholarships:** Academic and Cultural Sharing Scholarship
- **Honors:** Dean's List (Spring 2017, Spring 2020)
- **Relevant Coursework:** Information Systems Design, Database Management Systems, Network Security
